

LONDON

On 14th November 2015 we went to England. This journey to England was very long because it took 26 hours. Our first stop was The London Eye. Before the ride we had to pass the security check. After 15 minutes we were on the top of the Millennium Wheel and we saw all beautiful and historic sights in London. After the ride we went to see Big Ben. Big Ben is not the real name of the tower. It's the name of the bell which is inside the clock tower. Then we went to visit the sea life exhibition. It was very interesting. There were sharks, swordfish, sea horses, octopuses, starfish, etc. When we left the exhibition, we saw candy shop with very famous sweets, Jelly Beans. Jelly Beans are sweets with tastes like dog food, grass, stinky socks, toothpaste, rotten eggs, etc. In the afternoon we went to Buckingham Palace where the queen Elizabeth II lives. And then we saw Downing Street where the Prime Minister lives. In front of this building there were two policemen called bobbies on black horses. Then we went to China Town where we had another checkpoint. There was Nicklodeon's shop, M&M's shop, souvenirs and Picadilly Circus. And at the end of our first day in London we went to our families to have our dinner. On Tuesday morning we went to school where we learnt something about London and Great Britain. After the lessons we went to visit Windsor. It's the weekend residence of the royal family. Everything was amazing, especially interior of the castle. And then we went to the town near Windsor. Next day we wanted to go to Hyde Park but it rained a lot, so we went to the Natural History and Science Museum. We saw skeletons of dinosaurs, mammals, stones like diamonds, emeralds, gold, history cars, airplanes, ships, trains, etc. After school on Thursday we went to Brighton. There is a longest pier in Great Britain. There were casinos, a theme park and a lot of foodstands. Then we went to the shops. There was the most famous clothes shop in the UK, PRIMARK. We, boys, were a little bit disappointed, but we found a games shop. So we bought some games and food. And next day we went to visit one of the most famous bridge in the world, Tower Bridge. Tower Bridge can open in the middle when the large ships go through. And then we saw Crown Jewels in Tower. At the end of our tour we visited the war ship Belfast and then the oldest underground in the world. It was very exciting. And then we went back by coach to Karviná. We arrived with a lot of experiences.
